Mr. William H. Perkins

Dedication

This year the Oriole Staff has chosen for the dedication a man who shows great diligence and patience while working with students involved in various musical organizations. He devotes many long and toilsome hours for the benefit of these groups.

Under his able direction, he has brought the school many honors and high ratings from various musical events in which the band has participated. A striking example of these honors was the invitation for the band to perform at Kezar Stadium twice in the past three years. Also our well-known dance band, the Saints, have prospered with his expert guidance.

In an effort to express our deep appreciation and gratitude for the never-ending work you have done for the betterment of Cambell, we, the Oriole Staff of 1961, dedicate this book to you, Mr. Perkins.

Principal's Message

I am sure that for most of you, High School Graduation is a solemn occasion. The prospects of leaving your school, the parting of friends, the making of critical decisions makes you realize the importance of your being prepared. It is our hope that Campbell High has contributed greatly to your preparation for the bigger things you must now do.

It is my hope that when you reminisce through this book in the years to come, you will have experienced much of the success I take pleasure in wishing you now.

Mr. Robert M. Culp, Principal

Foreign Exchange Students

"Walk together, talk together all ye people of the earth for then and only then shall ye have peace . . ."

This year I walked with you, I talked with you, I yelled with you, and I tried to find opportunities to be with you all the time. Some people say I chose the right year to come to Campbell High. I don't blame them. I felt so proud of my American school that I will never forget my wonderful experience of my lucky '61. I feel a part of the student body and appreciate so much all the kindness and thoughtfulness I received from both the students and the faculty members.

I am so thankful to you because you treated me the way you did. I will remember this year as the greatest of my life and I will be waiting to see you someday in the future, either in Greece or in America.

With my deepest regards,

Helen Agathonos

Ruth Howd

I want to tell you how very proud I am that I was the exchange student from Campbell High this year. It was a great honor to be able to represent a school as wonderful as this one.

The main purpose of the American Field Service program is to promote peace through understanding. I hope you have gained a little more understanding about Germany, German life, schools, and teenagers through my being there.

I shall never forget this rewarding experience and I hope the American Field Service program will continue to grow and expand in Campbell High.

Most sincerely,

Ruth Howd

Girls' State
Penny Johnson

Girls' State will always stand out as one of the most memorable experiences of my four years at Campbell and certainly, one of the greatest honors I have ever known.

Girls' State was a learning experience in several respects. I learned about the functioning of the various levels of government within the state by practical application. I learned, too, the wonderful joy in sharing common experiences. I will always remember the constant singing, the delicious food, the Lord's prayer, echoing in the corridors at night, the exciting rallies and speeches, and the songs and tearful goodbyes in the courtyard as buses departed taking five hundred weary girls home.

One of the greatest things about Girls' State was the indescribable spirit of cooperation and fellowship among girls from schools scattered throughout every corner of the state brought together by a mutual interest and by mutual good luck

I would like to express my deepest appreciation to the people who selected me and to the students of Campbell for making Campbell a high school I was proud to be representing.

Most sincerely,
Penny Johnson

Girls and Boys' State

Boys' State 1960 was a truly thrilling experience and one which I shall remember as long as I live.

The definition of Boys' State as stated by its sponsor, the American Legion, is, "Boys' State is a laboratory in practical political science." Actually Boys' State is this, but it is much more; it is a place where boys from different backgrounds come together and share in the satisfying work of setting up their own city, county, and state governments and then making them work. It is a place where many true and lasting friendships are made.

A visit to the state Capitol, where the governor and other high ranking state officials address the assembly of boys' staters on their responsibilities as citizens and voters in the years to come, and probably the highlight of the week for most of the boys.

In closing I would like to say that I consider it an honor to have been chosen to represent the finest high school in the state at Boys' State 1960, and I want to thank those who made it possible, from the bottom of my heart.

Most sincerely,
Raleigh Johnson

Jim Muir
Head Coach

Ably coached by Head Coach Jim Muir and Line Coach Lou Marotti, the Campbell Buccaneer Football team emerged from the 1960 season as the most successful Buc eleven in Campbell history.

Undefeated and untied in nine starts the spirited Bucs captured the West Santa Clara Valley Athletic League championship. Sparked by many all-league standouts, the team finished a great season by being rated fourth in all of Northern California.

Senior Farewell

Cherished Memories

It seemed this time would never come,
But the time is here at last,
When we must face the future,
With memories of the past.

Our hands are clasped in parting,
Warm tears fill our eyes,
And each minute it gets harder,
To say those last goodbyes.

But pleasant thoughts within our hearts
will never, never die.
Instead, they will be cherished,
As fleeting years go by.
